

“The Passion Of The Christ”

Consent

Young Hope Youth Parents,

The Movie “*The Passion of the Christ*” is a biblically and historically accurate, yet graphic depiction of the events of the last twelve hours of the life of Jesus Christ on Earth. The movie portrays the brutal treatment of Jesus at the hands of the Roman guards as He was beaten and crucified.

This consent form allows your son/daughter to view Mel Gibson’s film, “*The Passion of the Christ*”, which is rated *R*. The *R*. rating is because of the graphic nature of the affliction of Christ and the crucifixion. We believe this film will encourage and challenge our Youth in their faith, the way in which they share their faith with others, and the manner in which they understand the sacrifice of Jesus on the Cross. This movie goes beyond our Sunday School lessons, and helps bring the passion that Jesus has for us “alive.” However, we understand that you, the parents, are the best judge of whether the film would be appropriate for your child at this point in their development.

We (Young Hope Youth Leaders) will be available before, during and following the film to help the students process what they experience in this film. We encourage you to contact us for more details if needed, further conversation, or clarification about our intent to view this film as a group experience. You are invited to view the movie with us as well on Saturday, March 3 at 12:30 p.m. at New Hope Church.

Thank you for your time and consideration in this. Please have your youth bring their consent form with them when they come.

Peace in Christ,

Jennifer Stujenske (jennifer.stujenske@gmail.com)

&
