Introduction

Having recently worked with Berlingske Media as a Creative Director for 3,5 years in Consumer Sales it is now time to find a new challenge.

Prior to this I was successful as an Editor in Chief at a dealsite.

My career to that date was in JOURNALISM with Politiken and Berlingske local newspapers.

I have always had a strong focus on COMMUNICATION and MEDIA. WRITING and PHOTOGRAPHY have always been true passions of mine. I have worked with PHOTOSHOP since the very birth of the digital invasion in professional darkroom in DK.

Recently my career path has shifted towards in MARKETING, BRANDING and TARGET GROUPS, creating NEWS LETTERS, email campaigns and managing WEBSITES. I understand SoMe and SEO and I use my PEOPLE skills to ensure HAPPY PARTNERS & COLLEGUES.

I don't see problems, I see solutions.
