

The Gloversville Public Library welcomes gifts of books and other materials. Materials will be evaluated using the same criteria as materials that are purchased. Once donated, items become the property of the Gloversville Public Library. Donated items will not be returned to the donor. The Library can not accept any item that is not an outright gift.

The Library will not set fair market or appraisal values for donated items. If items are being donated to obtain a tax benefit, it is the donor's responsibility to establish fair market value or obtain expert assistance in establishing any value.

Items will be added to the collection in accordance with the selection policy of the Library. Those materials that are added to the collection will be classified and shelved according to standard procedures. The Library reserves the right to decide when a gift added to the collection must be withdrawn.

Materials which are in good condition and of value but are not needed by the Library may be offered to the Friends of the Library for their book sale or offered to another organization.

Gifts of personal property, including art, antiques, and memorial plaques are not encouraged and will be accepted only on a case-by case basis upon the recommendation of the President of the Board and the Library Director followed by the approval of the Library Board of Trustees.

Any gift which will cause the Library to incur annual or periodic maintenance costs must be separately endowed by the donor to the satisfaction of the Library. The Library reserves the right to liquidate, relocate, remove, or dispose of any accepted gift at any time.

The Library may also accept unsolicited monetary contributions of any amount. Unrestricted monetary contributions may be used as determined by the Director, as authorized by the Board of Trustees, within the limits of the law. Restricted contributions will be accepted if they reflect the Library's mission and goals.
