Blackout Poetry Take & Make

Instructions

Use the provided marker to ink out words on the pages in your scroll until you create a poem. It is helpful to mark the word you want to keep with a pencil first. You may draw a circle/rectangle around the words you are keeping and then ink in the rest of the space, or simply draw a line through the words, or anything else that feels right to you!

See below for an example.

Join us for a Blackout Poetry Program on April 25th at 5:30pm! Registration suggested. Ages 13+
