SUMMER 2015 ISSUE

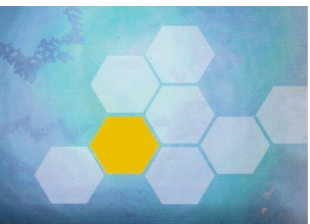

CYTOLOGY ■ MICROSCOPY ■ BIOPSY

Welcome Huimin Guo, M.D.

Dr. Huimin Guo joins CBM Pathology to help expand our expertise and services to the clinicians in our community. Dr. Guo is board certified in Anatomic and Clinical Pathology with a double subspecialty in Cytopathology and Hematopathology. Dr. Guo comes highly recommended from Georgetown University Hospital where she completed her residency in pathology followed by fellowship programs in Cytopathology from Memorial Slone Kettering Cancer Center in New York, and Hematopathology at the University of Maryland School of Medicine. She brings specialty experience in Cytopathology and Hematopathology, including lymph node pathology.

CBM Pathology is committed to excellence. Our staff works together as a team as well as with national experts to ensure accurate, prompt results every time. We feel confident her expertise will expand our consultative and diagnostic service. We welcome Dr. Guo to the team.

CAP Accreditation Awarded

The Accreditation Committee of the College of American Pathologists (CAP) has renewed our laboratory accreditation based on a recent on-site inspection as part of the CAP's Accreditation Program.

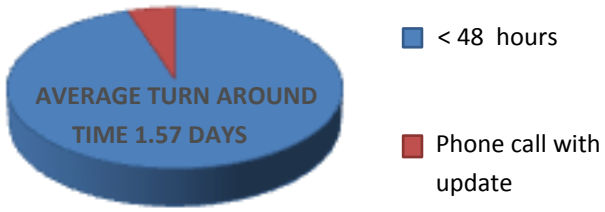

During the CAP accreditation process, designed to ensure the highest standard of care for all laboratories, inspectors examine laboratory staff qualifications, equipment, the laboratory's facilities, processes, records, quality management and quality control procedures for the preceding two years. The College advocates accountable, high-quality, and cost effective patient care.

The facility's director, Carla B. MacLeod M.D., was advised of this national recognition and congratulated for the excellence of the services being provided.

Expanded Insurance Contracted Network, including BCBS BlueChoice

CBM Pathology is contracted with virtually all insurances including Aetna, UHC, BCBS and Medicare. We have expanded the in-network contracted coverage to include not only **BCBS BlueChoice HMO**, but also **Amerigroup** and **Maryland Physicians Care**. We understand being an in-network contracted provider is important to maintain cost-effective patient care without a sacrifice to high quality pathology. With CBM Pathology, your patients are referred for in-network contracted pathology services with over 95% of reports ready in less than 48 hours, and updates provided on those few cases that require more time with special stains or additional testing. Our pathologists are accessible and ready to provide consultations for your practice with a commitment to accurate diagnoses for your patients. Please contact the lab or regional manager for an updated insurance list.
