

# Annual Contact Lens Agreement

At Mohave Eye Center, we carry the latest in contact lens technology, and specialize in the difficult to fit patients. This includes astigmatism correcting lenses (toric), multifocal lenses, corneal diseases (keratoconus) and post-surgical contact lens fit. We are dedicated to your health and an enjoyable, comfortable contact lens experience.

A CONTACT LENS EVALUATION fee is necessary to renew the current or new contact lens prescription and is in addition to the comprehensive eye exam fee. This evaluation will include precise measurements, analysis of your vision needs and recommendations specifically tailored to you. It may also include the use of diagnostic (trial) lenses if necessary by our doctors to ensure proper fit of the lenses and good ocular health.

The fee will cover the initial evaluation and all contact lens related follow up visits for a 90 day period. If necessary, it will also include the cost of any additional contact lens training for those individuals needing contact lens instruction for insertion, removal and lens care.
