Hard Drive Data Transfer, Destruction, and Disposal Statement

I, _____, have tested the new computer(s) or the backup of my data and have verified that all data from the old hard drive(s) has been properly transferred. Therefore, I authorize the data on the old hard drive(s) to be destroyed without any possibility of recovery using the Macintosh Disk Utilities "Secure Erase" function or Darik's Boot and Nuke utility.

I understand that hard drive(s) will be completely cleared of all data including the Operating System. To use the hard drive(s), one will have to re-install the Operating System that came with the computer(s) originally, or a legal upgrade version.

I understand that the destruction of my data will occur on-site and at ExceliNet Computer Service's (ECS) standard hourly rate unless the below section is initialed.

_____ I would like ECS to recycle my computer(s). I understand that ECS will destroy all data on the hard drive(s) off-site as stated above before the computer(s) is/are recycled. I understand that there will be a charge of \$50 per computer for this service.

I am an authorized representative of _____.

My position in this company is: _____.
