

Academy for Mathematics & Science

2017 Summer Camp Programs

Preparation is the key to success and school is no exception. If your child wishes to do better in school next year, consider enrolling them in one of our summer camps to get a head start on success! A **FREE Assessment** is included with all programs.

Full Day Camps

Ages 6 and Up. Programs run Monday to Friday from 9:00 a.m. to 4:00 p.m.

All full day camps include morning instruction in **Math and English Language Arts** and an afternoon component, as listed below.

Young Detectives: Our young scientists will use logic and scientific methods as they are introduced to crime solving techniques. (July 3-7 & August 28 - September 1)

Art: Our budding artists will sharpen their drawing and art skills creating wonderful pieces to take home. (August 21-25)

Coding: Children will learn or build on coding skills in Scratch and similar languages in a fun, interactive and educational way. (July 24-28 & August 14-18)

Super Science: Students will have hands on opportunities to explore different areas of Science through numerous experiments and activities. (July 10-14 & July 31 - August 4)

Full day program \$375 (\$350 if registered by June 15, 2017)
Before care from 8:00-9:00 a.m. and after care from 4:00-5:00 p.m.
available for \$25 per week per family

Pre-School Camps

Lil Learners - Ages 4 to 6 Runs Monday to Friday 9:30 a.m. to 12:30 p.m.

This special program offers younger students an exciting introduction to Reading and Math. An emphasis is placed on story and problem solving with all students working to their level. A typical day also includes circle time, individual writing, activities and crafts, snack time, and story time & book talk.

Camp Dates	Number of Weeks Enrolled
July 3 - 7	1 Week \$175
July 10 - 14	2 Weeks \$330
July 17 - 21	3 Weeks \$475
July 24 - 28	4 Weeks \$585

Early Registration Price: \$15 off for Lil Learners Camps (Register before June 15, 2017)

Half Day Programs

Monday – Friday (10 AM – 12:30 PM)

Fun to Learn

This camp offers students entering Grades 2 through 6 a great opportunity to have fun and sharpen their Math and Language Arts skills. Fun educational games and hands on activities and experiments are also incorporated into this program.

Junior High Building Blocks

This program provides students entering Grade 7, 8 and 9 a chance to strengthen Math, Language Arts and Science skills. Students will also be introduced to concepts they will cover in the upcoming year.

Grade 10 Math Boot Camp

This program is designed to review key building blocks, build a strong foundation and provide a solid overview for students entering Math 10-C.

Grade 11 & 12 Prep

Build a strong foundation and sharpen skills to get a head start in Math, Physics and/or Chemistry. This program is for students taking any or all three subjects in the upcoming school year.

Essay Writing Workshop

This workshop is ideal for students who have had difficulty composing essays or wish to strengthen their writing skills. Students will work through outlines, thesis statements, and proper sentence, paragraph and essay structure. Students will complete one essay during the week.

This program is for students entering Grade 9 or higher in September.

Camp Dates	Number of Weeks Enrolled
July 3 - 7	1 Week \$265 (\$240)
July 10 - 14	2 Weeks \$500 (\$470)
