the smart restroom attendant

## Washroom Attendant Notification Digital Aid

WANDA is an interactive touchscreen that helps keep your restroom clean.

Customers can quickly and easily request service.

Staff receive automatic email notifications to address customer requests.

Staff log in when they clean the area and use WANDA to track supplies and tasks.

All our screens are protected with an antimicrobial overlay. It's infused with silver-ions to kill bacteria.

Logging in updates the last cleaned display on the home screen.
