

CRAFT SERVICES

Specializing in craft services for feature films, TV, commercials, promos, music videos and live events, we'll keep your cast and crew well fed, hydrated and happy throughout your shoot.

Packages are available in a range of budgets and we can accommodate special dietary restrictions including vegetarian, vegan, non-dairy, gluten-free/wheat-free.

From "just the basics" to elaborate spreads, hot passed trays and gourmet cast trailer baskets, we provide everything you need behind the scenes to make your production a success.

CRAFT SERVICE DROP-OFF

For smaller crews of 20 (minimum) to 45 (maximum), our Drop-Off service is a professional and economical way to go. This service is ideal for lower budget photo or video shoots or one-day TV and film production that remains in one location and takes less than 12 hours.

This option comes with coffee and beverage service and a variety of snacks appropriate for breakfast, mid-morning, after lunch and late afternoon. Three levels of menu items are available to meet all budgets and accommodate the particular preferences of your cast and crew, including special dietary restrictions.

CRAFT SERVICE FULL-SERVICE

For larger crews of at least 45 people and/or shoots lasting more than 12 hours or on multiple days and/or multiple locations, our Full-Service craft option is the best way to set your mind at ease.

Leave the work to us, as our experienced full-time attendant will cater to all your craft service needs — replenishing, restocking and tidying the food and beverage area throughout the day. We will replace linens, snack baskets and containers each day, or as often as needed, to keep the area looking fresh. Our dedicated craft attendant provides a first aid kit, aspirin, antacids; Benadryl, sun screen & mosquito spray; and is ASHI certified to administer CPR/first aid, if needed. Additional attendant(s) will be required for groups larger than 85.

In addition to the items provided with your package, we will provide passed tray service of hot and/or specially prepared items— which may include smoothies, hot appetizers, mini gourmet sandwiches, garden vegetables, grilled sausages, gourmet cheese and cracker platters, fresh berry parfaits, and more.

CAST TRAILER GOURMET BASKETS

Let us stock your talent and producer trailers with gourmet baskets filled with their requested items, as well as fresh fruit, fresh salads, crudités, bottled water, house-baked goods and other items.

Call us anytime to schedule your craft services.
