Good physical condition and be able to work independently.

Description of Internship
Veterinary Services and Laboratory internship provides interns with the unique opportunity to gain experience in the field of aquatic animal medicine and husbandry, nutrition and reproduction programs of marine mammals and other aquatic species.
The internship minimum duration is approx. 24 weeks (6 months). Preference will be given to final year Veterinary students or recent graduates, but students from other years or related areas may apply.
Work hours schedule will depend on service needs but are typically from 8.30h to 18h. Interns should be flexible regarding their rest days schedule.
Interns will spend time working in the clinical laboratory, water quality laboratory and other zoological areas, and will assist in performing exams, process clinical analysis, perform animal observations, update and maintain records, etc.
Interns are expected to complete a research or special project in a related selected area of their interest and give a PowerPoint presentation during the last week to zoological team (marine mammals or aquarium team).

Application can be submitted to ana.salbany@atlantisthepalm.com and/or Ahmed.Abdulla@atlantisthepalm.com and should include:
• Letter of intent
• Curriculum vitae/resume
