## READ 2 SAMUEL 6:21 DAY 1

David was chosen for a BIG task, and He knew that it was because of God that he got the job as king. Think about something really big that has happened in your life or your family's life. Maybe it was a big promotion for your dad, or maybe you got a part in the school play, or got picked as the captain of your team. Now pretend you've just found out about it and you have to write an acceptance speech. Think back on everything that happened to get you to this place. Be sure to give credit where credit is due! Write your speech here:

**THANK** God for the BIG things He has done in your life.

## READ 1 PETER 3:15 DAY 2

Sometimes great things happen in our lives and we need to give credit to God for them, but sometimes we can also thank God and tell others about things that may not seem as big. It can be as simple as thanking God for this day as you take a deep breath, for the sun and the rain, for your family and friends who are there even when bad things happen ...

Do a prayer walk around your house and even outside if you can. Walk around and look at all the amazing things God has given you. As you see something you are thankful for, tell God about it. And the next time someone asks you why you're so happy or why you're smiling, be sure to tell them what you see and Who you are thanking for it.

**ASK** God for opportunities to tell others the great things He has done in your life.

## READ ROMANS 1:21-22 DAY 3

Have you ever done something as a part of a group and when it was over, one person wanted to take all the credit? It doesn't feel good, does it? But what if the person leading the group takes the time to praise you and your efforts in front of others? That makes you feel awesome, doesn't it?

Match the following situations with the suggested ways you could thank God and give Him the credit:

You received a good grade on your test

He gave you determination and probably some great role models

Your team won the championship game

He made your body strong and put other talented athletes on your team

You were chosen for the solo

He gave you the natural ability to sing well

You were chosen as Student of the Month at your school because you never give up

He created your intelligence and put great teachers in your life

**LOOK** for ways to give God credit for all the ways He helps you succeed

## READ 1 SAMUEL 2:30B DAY 4

We should honor God because, well, He's God! He made everything—including us—and that alone makes Him worthy of honor. But here's another cool benefit of honoring God: God says in the Bible that if we honor Him, He will honor us.

Many times you can see this play out in your life as opportunities that God brings your way because you have honored Him with your obedience. It becomes a big circle of honor: You honor God. He honors you in some way. You give Him the credit for what He has done in your life. And He can honor you all over again!

Unscramble the words below to see some more ways you can honor God.

NIOBECDEE  
RSECTPE
