So can the County now move to dissolve the District and take over their functions?

>>> Martha Poyatos 12/16/2013 11:44 AM >>>

The LAFCo adopted sphere is for dissolution. They receive property tax countywide but operate two pseudo enterprise districts in HMB & SSF. When LAFCo last reviewed the sphere they had about \$19 million in debt in State Waterways loans. The district owns the Pillar Point facility and leases the Oyster Pt. marina from SSF for long term, almost nothing lease because it was the city's old dump....

in any event, you will find this shocking but I, Martha M. Poyatos, am speechless after watching video,

>>>Don Horsley 12/16/2013 11:21 AM >>>

They are on my radar for potential dissolution in the future.
