INSTRUCTIONS

step 1 – cut ribbon into 48 individual cream flowers and 24 individual gold leaves.

step 2 – begin by putting a drop of glue in the center of a flower. then, press the end of a leaf into glue. add another drop of glue on top of the leaf and press tip of toothpick in place. add one more drop of glue on top of toothpick and finish with a second flower.

step 3 – to secure in place, press layers between a clothespin until dry (roughly one half hour).

step 4 – once dry, remove from clothespin and glue a small white button onto the front of one side of flower. secure between a clothespin overnight to ensure the flower topper is fully dried.

step 5 – repeat steps 2-4, assembly line style, to make 24 toppers. make sure your leaves are all facing the same direction when gluing them to your flower.

step 6 – once dry, remove clothespins and add flower toppers to your frosted cupcakes!
