VELVET PILLOWCASE

SUPPLIES

- 3 yards - 1.5" velvet/crochet ribbon: pink center (372-15-17)*
- 3 yards - 1.5" crochet trim: off white (NP09)*
- 2 white pillowcases
- white thread/needle
- scissors
- clear ruler
- sewing machine/thread

* all ribbon can be purchased from www.mayarts.com

INSTRUCTIONS

step 1

pre-wash both of your white pillowcases.

step 2

beginning at the pillowcase seam, pin your crochet trim along inside edge of pillowcase. there is a noticeable center point on this trim that you can use to be your guide. using your sewing machine, stitch trim 1/4 inch from edge of your pillowcase all the way around. *if you do not have a sewing machine, this can be done by hand.*

step 3

once sewn in place, hand stitch the ends of the crochet trim to prevent unraveling.

step 4

using a ruler, measure 1 inch from edge of pillowcase. this is the placement line for your velvet ribbon. pin velvet in place all the way around the pillowcase.

step 5

hand stitch your velvet ribbon in place by following along line of velvet. when you near the end of one side, fold over .5 inch of velvet ribbon and stitch horizontally along the fold to begin going back down the other side of the ribbon. when you have completely secured the velvet ribbon, finish your piece with a few secure knots in the thread on the inside of pillowcase.

note

due to the delicate nature of the ribbon, hand washing is required for these pillowcases. keeping this in mind, these decorated linens are perfect for a guest room bed.
