

LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION
MANDATORY LANGUAGE - TIER III

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

The City of Natalia Public Water System ID No. 1630009 has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we are doing (or did) to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During [compliance period] we [did not monitor or test – or – did not complete all monitoring or testing] for [contaminant(s)] and therefore cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for [these contaminants], how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were [or will be] taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
Lead & Copper tap water sampling	10 samples every three years	0	June 1 – Sept 30, 2014	June 1 – Sept 30, 2015

What is being done?

We are working to correct the problem. For more information, please contact Art Smith, Public Works Director, at (830) 663-2926 or P.O. Box 270, Natalia, Texas 78059.

The City of Natalia Public Water System will immediately test and complete the monitoring requirements of the drinking water for specific contaminants for reporting period beginning January 1, 2016 – June 30, 2016, and perform same testing and monitoring every six (6) thereafter.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being sent to you by City of Natalia Public Water System Number: TX 1630009

Date Distributed: April 4, 2016
