

FACT SHEET

Who We Are	[au]workshop architects+urbanists is a design studio with global vision located in Colorado. We were founded by Randy Shortridge and Jason Kersley in 2013 now having over 46 years of combined experience designing projects at all scales on five continents.
What We Do	We are an idea-driven practice creating quality, authentic architecture and catalytic urban, civic and commercial projects with a focus on making places that sustainably invigorate neighborhoods and cities . [au]workshop offers a range of services including: Programming Project Visioning Capacity Studies Site Analysis Zoning Analysis Urban Design Development Master Planning Project Feasibility Analysis Project Management Architectural Schematic Design Design Development Interior Design Construction Documents Construction Administration Facility Audits Post Occupancy Analysis CAD and Physical Modeling Architectural Sketches/Renderings Design Branding Design Research Prototype Design Reports and Presentations Graphic Design
How We Work	We listen to and work closely with our clients realize their visions, strive to add value by elegantly organizing uses, create great places and develop cost conscious design strategies. These goals form the basis of [au]workshop's mission. We believe in the power of good design and strive to create quality in everything we do —from the smallest to the largest task. We incorporate current technology into our process. We want everything we design to be as sustainable as possible.
Where We Work	We are currently at work in the Western United States, Hawaii and Thailand. [au]workshop's team has designed buildings and/or completed master plans in twelve countries . We have traveled extensively and draw broadly on that experience for our design solutions.
Our Major Projects	PRIOR to [au]workshop: Mockingbird Station Dallas TX*, Siam Paragon Bangkok*, The Lucayan Resort, Bahamas*, The Market & Lofts at Ninth & Flower Los Angeles*, Rialto Theater Center Loveland, Colorado*, Multicultural Resource Center, Univ. of Kansas**, Stoffer Science Hall, Washburn University, Kansas**, Structural Biology Center, Univ. of Kansas**, Red Hawk Elementary School, Erie, CO** *denotes RHS and **denotes JK while with previous firms PRESENT: Emquartier Bangkok, Block One, Fort Collins CO; The Andalusian Pasadena CA; Utilities Customer Service Building, City of Fort Collins CO; Strategic Growth Bancorp HQ, Albuquerque NM; Confidential Five Star Hotel, Honolulu HI; Olivewood Village Mixed-use Pasadena CA.
