Dr. Christopher Moore

Dear Dr. Moore,

Thomas O. Nass' Paraphrase and Enhancement of W.C. Lowdermilk , U.S.  
Dept of Agriculture 1948, from "Conquest of the Land Through 7,000  
Years"

This Holy Earth. Thou shall inherit this Holy Earth as a Faithful Steward, respecting,  
protecting and conserving its Environment, its Resources and its  
Productivity for future generations.

Thou shall safeguard its Fields from erosion; its Soils and sub-Surface  
from Chemical Saturation; its Waters, its Ground Waters and its Air  
from chemical Pollution; Its Oceans from over fishing and over heating;  
its Forests from desolation; its Mineral Resources from depletion; its  
Hills from overgrazing by thy herds and ITS CREATURES FROM EXTINCTION.  
ALL THIS SO THAT THY DESCENDANTS MAY ENJOY ITS ABUNDANCE AS ONCE DID  
THEE.

As all Nations do share in the Ownership of this Holy Earth. Ergo, if  
any Nation or its leaders should fail in the responsibilities of their  
Stewardship, then all of thy Crop land shall become dry and sterile  
ground with wasting gullies; thy waters unfit to drink; thy air too  
thick to breath; the meat of thy herds and thy flocks, as the spawn of  
thy waters and thy oceans, unfit to eat, and storms and rising ocean  
and river tides shall inevitably devastate thy landscape. If any of  
the above should come to pass, then thy descendants shall gradually  
diminish in their number and eventually depart in their entirety from  
off the face of this Holy Earth.

Why? Because insatiable, sociopathic, corporate, GREED and ignorance of  
their ignorance of all things except their "Bottom Line" shall have  
decreed it so.

Corporate "PROFITS" and a "Clean Environment" are not, and never will  
be, compatible.

CORPORATE CREDO -to which their sycophants subscribe: "Rather no Planet  
at all than a Planet where our insatiable, sociopathic GREED cannot be  
satisfied. Restrictions, Safety Regulations and the Environment  
be Damned!"

Sincerely,

Mr. Thomas Nass
