WHAT'S IN A NAME

Yahweh

Exodus 3:11-15

WHAT'S IN A NAME?

Our name is how we're known.

• God told us his names because he wants us to know him.

WHY SHOULD I CARE?

- 1. To really know someone, you must know details about them.
- 2. When you really know someone, you trust them.

WHAT IS GOD'S NAME?

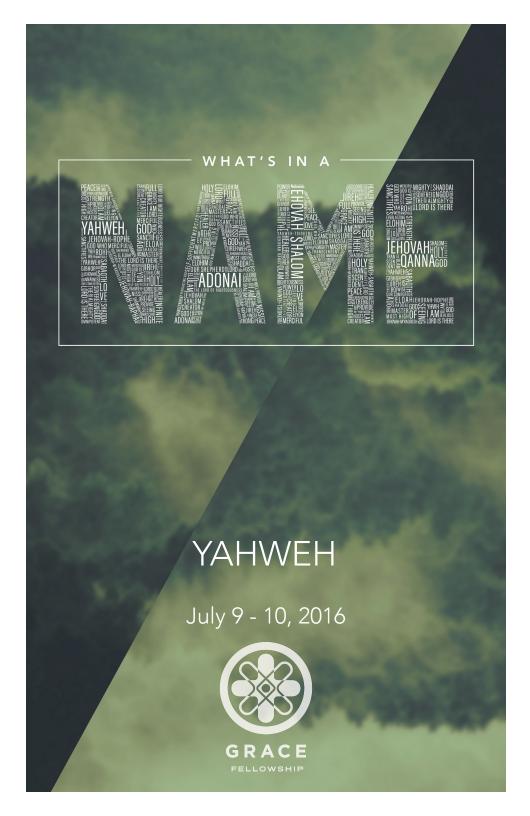

- Yahweh: I am absolutely self-existent.
- · Knowing his name changes everything.
 - If I AM, then nothing else is.

WHAT DOES IT CHANGE?

- 1. It changes our relationship.
- 2. It changes who we fear.
- 3. It changes what we worship.

WHAT DO I DO NOW?

Pause and pray.

Please be considerate of others during the worship service by silencing your phones, refraining from texting, and taking disruptive children out of The Main.
