CASUALTY SIMULATION

## WHO WE ARE

The Makeup Armoury is a leading UK based supplier of special effects makeup. From fake blood and prosthetics to create wounds and makeup palettes and tattoos to mimic bruises and dirt to pieces, moulds and sleeves, we provide a wide range of makeup and SFX related products to the film and casualty simulation industry.

Founded by internationally renowned and BAFTA award winning Makeup Designer Jan Sewell, The Makeup Armoury's team is known for its great in-depth product knowledge, industry experience and impeccable customer service.

For those who are looking to learn how to create a range of basic injuries and medical conditions, we offer teaching courses with experienced Special Effects makeup professionals.

We aim to be your one-stop-store for all your product requirements, including custom made moulds, and offer a **10% PRO discount** to our casualty simulation clients.

## OUR PRODUCTS AND TRAINING

All of our products are the best in the industry used in both film & TV and also within Casualty Simulation. However, we understand that there are budget restrictions so we have tailored products specifically to our casualty simulation clients.

As well as products and pieces we can also provide training. All of our instructors are fully trained makeup artists who have had experience within the film industry.

All prices can be seen on the following pages but if you require any bespoke pieces or training please get in touch [hello@themakeuparmoury.com](mailto:hello@themakeuparmoury.com)
