

FAQs:

What do I do when a title expires?

The titles will automatically return themselves, no action is needed on your part.

Can I return an eBook or Audio Book early?

Yes! To the right of every book listed in your app you will see a +, tap that, then select *Return/Delete*, and then *Return then Delete*.

What if I don't finish my book?

The option to renew a title becomes available three days before the title is set to expire and appears next to the title on your Bookshelf under your library Account. You can only use the renew feature once for each title you've borrowed.

What formats can I use with the OverDrive app?

ePub, Open ePub, MP3

Why don't you have the classic title I'm looking for?

Many of those titles can be found in our separate Always Available collection.

How To:

Borrow eBooks
and Audio Books
with your

Android
Smartphone or
Tablet

1. Install App

- Search for *OverDrive Media Console* in the Google Play Store.

- Tap *Install*, then *Accept and Download*

Accept & download

- If you are under 13 years old tap on the *Continue link*. All others tap on *Sign up*. Choose which method you would like to sign in with: Facebook or create a personal account.

- Use the menu icon at the top, left of the page to continue the set-up.

2. Configure App

- You can search for your library by name, town, or zip code. Then choose your library from the list of search results.
- Tap the star next to *Cape Libraries Automated Materials Sharing* to save our library system.

- If you are a resident in more than one library system you can repeat the process to add additional libraries to your list.
- Tapping on CLAMS, Inc. brings you to the Overdrive homepage.

3. Check Out a Book

- Sign in using your CLAMS card and your 4-digit pin.
- Search for a title you wish to borrow. You can browse through categories or use *Search*. *Advanced Search* lets you narrow down your search even further.
- To check out a title that is available tap *Borrow*. If the title is not currently available tap *Place a Hold* to add to your hold list (email address required).
- Tap *Download* and choose *Adobe EPUB ebook*, and *Confirm & Download*. The title will be sent to your app.

Enjoy your eBook or audio book!
