WELCOME TO HARD WATER, AN AMERICAN WHISKEY BAR.

The whiskies on this list (and on display on our back wall) represent over 15 years of collecting—basically since the opening of Slanted Door. Now we have the opportunity to share some of those whiskies with our friends.

Some of these bottles, such as the Pappy Van Winkle and the Buffalo Trace Antique Collection, are still released every year but in very limited quantities; others, such as Parker's Heritage and Willett Family Estate single barrels, are each "one of a kind" and will never again be available. So as we finish a bottle, it may no longer be available anywhere, or at least to the general public.

With that scarcity in mind and, because we feel that the opportunity to compare and contrast whiskies makes drinking them even more enjoyable, we offer many of our rarer whiskies in flights. Some of these flights may literally be a once in a lifetime experience.

We have also embarked upon an ongoing program of private barrel purchases. These barrels, which are almost always unique to Hard Water, come from distilleries well established as well as from new entrants just starting to make their marks. And we are extremely fortunate to be part of several programs that now operate from a closed list, meaning only existing customers are able to get new picks. Four Roses is an example of this. We are also developing relationships with emerging programs operated by independent whiskey bottlers. Some of these are quite ambitious!

Whatever whiskies you choose to enjoy during your visit, we hope you, our welcomed guest, will enjoy the craft and camaraderie to be found in each glass. Our experienced staff is here to help you make your selections as well as to answer any questions you may have about American Whiskey.

Cheers!

The Staff of Hard Water

FIND YOUR WHISKEY...

PRIVATE BARRELS 3

Barrels of whiskey picked by Hard Water, or other private parties, and which are not available elsewhere. (The whiskey is bottled before being delivered.)

BOURBON 3

Whiskey unique to the United States. Must be made from at least 51% corn and stored in new charred oak barrels.

RYE 7

Whiskey made from at least 51% rye grain. Rye is usually described as spicier than Bourbon but the best ryes can also exhibit floral characteristics.

MALT WHISKIES 8

Whiskey typically made from 100% malted barley but other grains (malted or not) may also be used in small amounts. A relatively new style for American whiskey, which differs from its relatives in Scotland and Japan.

OTHER GRAINS & STYLES 8

Whiskies that don't fit into any other category.

CRAFT DISTILLERIES 9

Smaller distilleries, often, but not always, new to the scene. They make far less whiskey than their established Kentucky counterparts. The whiskies also tend to be released when young, though that is changing.

WHEATED BOURBON 10

Bourbon in which the second most predominate grain is wheat instead of rye. Said to make the Bourbon rounder and smoother. Some of the most famous Bourbon brands are wheated.

FINISHED WHISKIES 10

Whiskies that have been transferred at some point in their aging into a barrel that held another type of spirit or wine. Aging in these used barrels results in additional layers of flavor.

LOCAL DISTILLERIES 11

Whiskies made by our neighbors to the north, south, and east.

RARE & ALLOCATED 12

Hard to find, out of production, historically important whiskies, and the occasional unicorn.
