

Chromebook A-Z

1 Day Workshop | 12 August 2014

Are you curious about Chromebooks? Wondering if they might be a useful device for your students to use?

This practical, hands on workshop will provide participants with an overview of the features and capabilities of Chromebooks. As well as demonstrating the functionality of Google Apps for Education we will explore the Chrome Web Store and a variety of other Web 2 Tools. We will also discuss the value of setting up Google Apps for Education on your own domain and demonstrate the practicalities involved.

Digital Design

2 Day Course | 25 & 26 August 2014

Digital Design is a two day course training teachers to design and develop a cloud based unit of work containing a wide range of learning objects and activities for their students.

This course is designed to support small teams of teachers to develop a comprehensive, richly resourced digital unit of work to share across their faculty.
