

PUBLIC NOTICE FOR FAILURE TO MEET MONITORING REQUIREMENT

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

The CITY OF SUBLETTE public water supply system violated a drinking water standard. Even though this was not an emergency, as our customers, you have a right to know what happened and what we are doing to correct this situation.

During the month of October 2017 there was a failure to collect enough bacteriological samples, due to a miscommunication with the KDHE Laboratories and the City of Sublette. Once again, no one is at risk, this is just a public notice to stay in compliance with the KDHE.

For more information, call City Hall 620-675-2326.
