

RIISING FOR DIGNITY

KARAMA IS THE ARABIC WORD FOR “DIGNITY” AND A GROWING MOVEMENT TO STOP VIOLENCE AGAINST WOMEN IN ALL ITS FORMS.

Since 2007, Karama and its partners have risen to address the systemic causes and consequences of violence against women, working from the ground up and building upon solutions of local design. Amplifying women’s voices and elevating their priorities from the local to the regional and international levels, Karama aims to build the capacity of women’s rights activists and stakeholders, influence policymakers and decision-makers, and build awareness among local community members. Together, we can galvanize real, long-term reforms that will support women’s advancement, participation, empowerment and well-being at all levels and in all aspects of their lives.
