

MATTHEW CRACKNELL

FILM & TV COMPOSER

“The Family raises the bar for British TV music”

DORIAN LYNSKEY
THE TIMES

Based from his top-spec mothership Upper Lodge Studios, Mash (as he is known to friends & colleagues) is an always in-demand Film & TV Composer. Recent work for multiple BAFTA nominated projects include Top Gear, The Secret History of our Streets, The Family and the Abbey Road soundtrack for feature film Exam, which included scoring theatrical trailer and giving a Q&A session at Leicester Square Odeon theatre upon release. Behind Matthew's extensive work scoring for Film & TV lies a wealth of musical experience, touring Europe as a classical musician, working on full scores with a plethora of musicians/productions as an orchestral recording engineer (location recording), and winning 1st place in Cambridge University's Woodwind competition. An innovative thinker with a personable approach, Mash finds inspiration in 'anything and everything'.
