dear [REDACTED]

Thank you for your email. Your report is in the hands of French investigators with the names of victims, witnesses etc ... they have also been contacted. They know it was you who wrote this report and that is why you have been contacted. The damage is done and I have to manage the consequences including with UNICEF, other partners and the SRSG. For the rest, it should do with the OHCHR to convene. I'll call you in an hour.

Sincerely,  
Rmlo
