

For the Pillowcase Kit

you need 3/4 yard main fabric and 1/4 yard contrasting fabric

directions:

cut main piece the width of the fabric (about 42 inches)

cut small piece width of fabric

if you want you can cut a third contrasting piece about 2 inches wof

You will end up with a rectangular piece 27X42 and another 9X42.

Please put it in a clear plastic bag and bring to the September meeting.

Note:

Soft cottons or flannels make great pillowcases. We will be selling the kits at the boutique at the quilt show to support out many charities.

You can go on You tube for pillowcase directions if you want to see how they are made.
