Christian Literature List

Introduction

The following collection is a wonderful starting place for parents who are looking for recommendations for excellent Christian books for children. Lesson Plan Ladies have found these books to be instrumental in the spiritual growth of our own children. Because we understand the high calling God has placed on parents to train their children in Him, we have selectively chosen biographies that represent godly role models, God-centered Bible storybooks, and scripturally sound devotionals.

Rather than creating lesson plans around one particular book, LPL formed a list of our favorite Bibles, devotionals, and biographies for children grades pre-kindergarten through fourth grade. Many of the books recommended are appropriate for multiple grade levels, providing convenience for families with children of various ages.

In most home school and co-op settings consisting of Christian parents, a majority of children are involved in church programs or have established family devotions. Because of this, LPL feel adding an additional Bible class is unnecessary. This releases parents to focus on personal church studies and household devotionals.

For those unsure of where to start, refer to "LPL's Top Picks" on page 10.

As always, please preview your selections to ensure that the contents align with your family's values.
