Brought Hope With You

513FREE, 2014

Verse 1

C G C G
This is where our hope began
C G D C
The glory of the Son of Man
C G C G
An innocent and Holy King
C G D C
Convicted of a crime unseen

Verse 2

Scoffed and bare, Your skin was torn
You climbed that hill Your body worn
All of our best, intentions failed
They placed the crown, Your hands were nailed

Verse 3

On the cross, Heaven slain
Bore our sin and felt our shame
Then You cried out, Your final breath
The blood of God on hands of men

Verse 4

(But it doesn't end there...)

Then You rose again, on that day
The walls they built could not contain
Yeah, You rose again, on that day
Brought hope with You, back from the grave

513FREE, 2014

Verse 1

Helping hands for those in need
The least we could do is try

It's time to wake up
C
Time to, take a chance

Chorus

G
With love we can meet the need
C
Be all we are called to be

Take hold of our history
C G
Right now, just believe that it's time

To stand up, stand up for what is right
Em
Together, we can't lose this fight
C
Let's hold on to what we've heard
G
And love, love will change the world

If we are called to be the change
Why do the poor still live in shame
Alone out on the street

We are made for greater things
To be the hope, His hands and feet
What are we waiting for

We All Need A Savior

513FREE, 2014

F#m, G#m, C#m (Repeat)

Verse 1

Welcome to my world, a battle for my mind
Where time and time again, I'm not even in the fight
When bell rings, and sin surrounds me
It's like I'm trapped here, with my immorality

Sometimes I'm so vulgar I make myself sick
It's like these demons in my head keep playing dirty tricks
Round and round they go, will they stop, no one knows
It's like they're holding onto me and they won't let go

I need a Savior, come and save me, come and change my heart
'Cause everything inside of me is falling apart

Chorus

A E B F#m A E B
We all need a Savior, we all need a change
A E B F#m
So open up, let the love in
A E F#m G#m
You'll never be the same

Verse 2

It's a head game, but I never win
And when it's game over, it just starts again
I try to run from it, I try to close my eyes and hide
But I don't think I can take much more of this lie

Breaking me apart inside, like a puzzle in my mind
Got me scared and confused, scared and confused
And I'm paranoid, it's like I run from myself
I put some fear in my pocket and my faith back on the shelf

I need a savior come and save me, come and save my soul
From these vices in my life, Father, take control

Strip Away

513FREE, 2014

E - Eb/B - C#m - B (Repeat)

Verse 1

It's no more than believing
Simply just receiving
The love You have for me

And that's the only reason
I'll rise above this season
And see Your plan divine

Chorus

Strip away myself, make me who you are
Oh I need Your help, Jesus break my heart
Open up my eyes to things I haven't see
Bring me to my knees, Jesus do Your work in me

Verse 2

It's always so surprising
The faith that I feel rising
When I put my trust in You

So give me strength to follow
I need Your strength to follow
Your blessed will, not mine

Instrumental

A - B - A - B - E
