JULIAN WILD

MAKE-SHIFT

22 SEPTEMBER – 22 OCTOBER 2016

Make-Shift will be Julian's second solo exhibition at William Benington Gallery. Julian will be presenting a new body of work that was developed on residencies and journeys in the west of Ireland, Dorset and the refugee camps of northern France. He was inspired by the improvised constructions and man-made interventions in nature that he came across. In Make-Shift we find ordered geometric forms that shift, seemingly caught in the act of propagation or separation; solid forms that open out, pull apart and reveal their inner aspect.

For the first time, Julian will also be showing a selection of his drawings.

Julian Wild is the Vice-President of the Royal British Society of Sculptors.
