Winemaking.

Hand harvested, destemmed to retain whole berries. Open fermented for 14 days, gently hand plunged then basket pressed. 9 months maturation in old French barriques.

We harvested the Nero the day after we had originally planned as we were the only ones in the vineyard at 5:30am on that day, the pickers had bugged off to appear as extra's in Russel Crowes "Water Diviner". We are eternally grateful to Rusty for getting the footage he needed from our pickers in just one day.
