

COMMERCIAL HVAC

DMG NORTH, INC. • INNOVATIVE HVAC SOLUTIONS

HVAC EQUIPMENT

- VRF Variable Refrigerant Flow Systems (Heat Pump and Heat Recovery)
- Mini-Splits / Duct Free Split Systems
- Energy Efficient Package Units 2-50 Tons
- Furnaces, Evaporative Coils, and Air Handlers
- Water Source Heat Pumps: 0.5 to 60 Tons Horizontal, Vertical, and Stacked
- Fan Coil Units—Horizontal, Vertical, and Stacked
- Air Handling Units for Classrooms & High Density Residential Environments
- PTAC Packaged Terminal Gas Heat – Electric A/C
- Through the Wall A/C & Heat Pump Units
- Gas and Electric Unit and Duct Heaters
- Evaporative Cooling Systems (IT, Direct, Indirect)
- Infrared Heaters

VENTILATION

- Air Distribution- Grilles, Registers & Diffusers
- VAV Boxes and Fan Coil Units
- High Tech Fabric Air Duct Systems
- Remote Control and Balancing Dampers
- Sound Attenuation for Commercial and Industrial Applications
- Indirect & Indirect/Direct Evap. Cooling Systems Units
- Louvers and Dampers for Commercial & Industrial Applications
- Residential, Energy star, and Title 24 Compliant

AIR DELIVERY

- Commercial and Industrial Fans & Blowers
- Dedicated Outside Air, Make-Up Air, Heating & Ventilation Units
- Axial Fans & Power Roof Ventilators
- Energy Recovery Ventilators

SPECIALTY PRODUCTS

- VFD Variable Frequency Drives for Commercial HVAC Applications 0.5-1350HP
- Electric, Resistive Steam, Gas Fired, Adiabatic Humidification Systems
- Residential Humidification
- Airflow Management and Control
- Ventilation Zoning Systems (LEED compliant)
- Active Chilled Beams
- Hot Water/Chilled Water Coils
- Valves, Valve Packages, Hose Kits
- Pumps, Expansion Tanks, Pump Skids

HVAC MANUFACTURER'S REPRESENTATIVE
910 GREG STREET, SPARKS, NV 89431 MAIN: (775) 284-1240 FAX: (775) 284-1233

CUSTOM / APPLIED SYSTEMS

DMG NORTH, INC. ◦ INNOVATIVE HVAC SOLUTIONS

AIR HANDLING & ENERGY RECOVERY SYSTEMS

- Indoor and Outdoor Custom Air Handling Units
- Unlimited options for filtration, heat recovery, humidification, dehumidification, UV lights, sensors, controls...

APPLIED HVAC EQUIPMENT

- VRF Variable Refrigerant Flow Systems
- Condensing Units, Air Cooled Condensers
- Perimeter CRAC & CRAH Units
- Indirect & Indirect/Direct Evap. Cooling Units
- Data Center Precision Cooling Systems

CHILLED WATER & FLUID SYSTEMS

- Evaporative Condenser Chillers
- Modular, Process, Medical & Specialty Chillers
- Fluid Coolers
- Active Chilled Beams
- Commercial/Industrial Energy & Heat Recovery Heat Pipes

VENTILATION & AIR FLOW CONTROL SYSTEMS

- Lab Fume Hood Exhaust Systems
- Fume Hood & Room Controls
- Explosion Proof High Temp Fans
- Airflow Monitoring & Control Systems for Labs
- Gas Detection Systems
- Vehicle Exhaust Systems
- Central Plants
- Dust Collection Systems

HUMIDIFICATION SYSTEMS

- Electric, Resistive Steam, Gas Fired, Adiabatic, Humidification Systems
- Critical Environment Room Control
- Wrap Around Dehumidification Systems
