

REPRESENTING THE FOLLOWING HVAC MANUFACTURERS:

www.aaon.com

- Rooftop units – Air, water & evaporative cooled
- Air handling units (800-68,000 CFM)

www.allied-commercial.com

- Rooftop units – Air, heat pump, gas fired
- Direct replacement rooftop units for Carrier HJ units

www.appliedair.com

- Air turnover units
- Evap Cooled Systems
- Direct/Indirect gas fired
- Dedicated outside air systems

www.arcticchillergroup.com

- Turbocor oil free magnetic bearing chillers
- Modular chillers
- Air cooled, water cooled, evap condensed and centrifugal

www.aztec-cooling.com

- Evaporative cooling systems
- Mission critical systems

www.humidifynow.com

- Adiabatic & Isothermal humidifiers

www.changeair.com

- Intelligently quiet classroom package A/C systems

www.criticalroom.com

- Critical environmental room control
- Airflow monitoring & control systems for Medical Labs
- Control Systems for Life Sciences

www.dadanco.com

- Active chilled beams
- Inffuser
- Induction Units

www.dunham-bush.com

- Central station air handlers
- Chillers – air cooled, heat pump & water cooled
- Water cooled package units

www.ebtron.com

- Precision Thermal Dispersion Airflow Measurement Systems
- LEED Applications
- NIST Traceable for fans & ducted systems

www.energylabs.com

- Custom air handling units
- DX packaged units
- Indirect evaporative cooling
- IBC and OSPHD compliant

www.flowtechsystems.com

- Non-chemical water treatment

www.greentrol.com

- Commercial airflow measurement sensors and control solutions
- Airflow measurement for commercial rooftop package units
- NIST Traceable for fans & ducted

www.heatpipe.com

- Energy recovery modules / dehumidifiers

www.americanfan.com

(formerly Joy Fan)

- Vane axial & tube axial fans
- Garage ventilation systems

www.iec-okc.com

- Horizontal, vertical, stacked fan coils units
- Slip-in replacement vertical fan coils units

www.lghvac.com

- VRF – Variable Refrigerant Flow Systems
- Mini-splits
- Duct-Free Split Systems

www.macroairfans.com

- High Volume, Low Speed (HVLS)
- 6'-24' diameter gearless fans for large venues, AirVolution-D

www.rae-corp.com

- Complete line of standard and custom replacement & industrial coils
- Stock booster coils

www.reymrsa.com

- Counter flow induced draft
- FRP Modular cooling towers
- Hybrid fluid coolers

www.scottspringfield.com

- Custom air handling equipment
- OSP, IBC, and ETL certification
- Custom DX capabilities
- Hazardous area certification

www.serescodehumidifiers.com

- Indoor pool dehumidifiers
- Split system DOAS

www.strobicair.com

- Tri-stack laboratory fume & lab exhaust direct drive fan systems
- Odor control, high plume dilution, heat recovery, diesel exhaust systems

www.taco-hvac.com

- Pumps
- Hydronic accessories
- Heat exchangers
- Expansion tanks & air separators

commercial.taco-hvac.com/iworx

- Building management & controls system

www.thermaduct.com

- Pre-engineered, Pre-manufactured Outdoor Duct Systems
- High R-value, Low leakage, High Efficiency

www.uvdi.com

- UV Light Systems for air handlers
- UV Light Systems for ducts & plenums

www.vibro-acoustics.com

- HVAC Silencers
- Industrial fan silencers
- Moldblock silencers & acoustic panels
- Vibration isolation seismic restraints

www.yaskawa.com

- Variable frequency drives
