

REPRESENTING THE FOLLOWING HVAC MANUFACTURERS:

AAON:

- Packaged Rooftops
- Air Handling Units
- Air-cooled & Evaporative Condensing Chillers
- Standard Double Wall, Thermal Break Construction
- Standard R12.5 Cabinet Const.

ARCTIC CHILLER GROUP:

- "Manhattan-modular" chillers
- Turbocor oil-free chillers
- Water, Air and Evap. condensed
- Flooded and DX, subcooled system
- Specialty chillers and systems
- Modularized chiller systems

DUNHAM-BUSH:

- Air-cooled & Water-cooled Chillers
- Indoor & Outdoor Air Handling Units
- Air-cooled DX Packaged Units

ENERGY LABS:

- Custom Air Handling Units (2,000 to 200,000+ cfm)
- Direct & Indirect-direct Evap. coolers
- Complete rooftop DX packaged systems
- Air-cooled & Evap. condensing through 500 tons

IEC:

- Energy-saving Sureflow® system
- Horizontal, vertical, stacked fan coil units
- Slip-in replacement vertical fan coil units

LG HVAC:

- Variable Refrigerant Flow systems and Mini Splits

MARLEY / SPX COOLING TECHNOLOGIES:

- Cooling towers & fluid coolers

PEP FILTERS:

- Water filtration systems

RECOLD COOLING PRODUCTS:

- Cooling towers, Fluid coolers & Evap. condensers

STROBIC AIR:

- Tri-Stack Fume lab, Generator and health care exhaust fans

TACO

- Commercial and Industrial pumps
- Hydronic accessories

UVDI:

- Ultraviolet light systems for air handlers, duct & plenum mounting

YASKAWA:

- Adjustable frequency drives
