A division of B.A.S.I.C.S. ABA THERAPY, LLC

Dear Parents,

I am pleased to announce that BASICS ABA Therapy, LLC will be running the Before Care/Aftercare Program at Bridges PCS for the 2016-2017 school year under the name Beyond the BASICS. This will be a fully inclusive, play based program with a focus on social skills that will serve the entire student body at Bridges. All students will participate in all aspects of the program in one setting.

We are looking forward to an exciting year of fun, games, making friends and inclusion. The program provides an opportunity for children to interact with each other in a friendly environment.

## **Vision Statement**

We are dedicated to providing quality Before and Aftercare to children with and without disabilities. We are committed to full inclusion and offering play based social skills themed programming.

## **Key Program Principles**

**Inclusion:** We are committed to having a fully inclusive environment for all students within one setting.

**Professionalism:** We ensure we are always interacting with parents, students, and other staff in a friendly, professional manner.

**Compassion:** We approach each student with kindness and respect. We assume best intentions. We assume all behavior is communication.

## **About The Owner**

**Sandra Bishop, MS, BCBA** is the owner of BASICS ABA Therapy, LLC/Beyond the BASICS. She is a Board Certified Behavior Analyst (BCBA) and has worked in the field for over 12 years. She has worked in classrooms, group homes, student homes, and in the community. Her company also runs an ABA summer camp in August. As a Bridges parent she has been PTO President for past 2 years and has overseen the growth of PTO activities. She is also the mother of children with special needs. This unique combination of being a parent at the school, parenting kids with and

without special needs, being a clinician, and having experience working directly with administration at Bridges, sets Beyond the BASICS up to be a huge success.

**Jamila Green, BS, RBT**, has a degree in psychology and is a Registered Behavior Technician with extensive experience in both ABA and therapeutic recreation programming. She has previously directed a therapeutic recreation program, supported programs for adults with special needs, and worked in group homes for young adults with special needs. Jamila also served as the site supervisor for an after school program for at-risk youth. She works as a Lead Therapist at BASICS ABA Therapy, LLC.

By July 25th, we will start registration using an online system and our before and Aftercare website will launch. Look for emails and a flier mailed home. Attached is our information flier and FAQs.

Prices are as follows:

#### Regular Tuition

- *August Aftercare*: \$100
- *August Beforecare*: \$20
- *Sept-June Aftercare*: \$398.25 a month
