# Spoke'n Word

Newsletter of the Historic Cycle Club of W.A.

I've run out of preprinted paper with the penny farthing on it. Am happy to print and donate more if we want to keep the style.

Volume 1, No 6

November 1999

## From the Last Meeting

Eleven members attended the last meeting on 18 October at Wireless Hill.

Members considered a number of matters including obtaining public liability insurance. Malcolm tabled information from the Canberra Bicycle Museum.

A number of coming events were discussed and plans made for participation. These are reported on elsewhere in this newsletter.

Those present also discussed forming a management committee next year.

Several members brought along items of interest. David Clarke and Phil Harris brought in between them a magnificent Raleigh Bike, a Skate Bike, a 1917 cycle frame and photos.

Much of the discussion related to events past and future.

### NEXT MEETING:

15th November 1999 at 7pm. Alan Naber will show slides and talk about European Bike Museums.

## Coming Events

14 November - Ride along River barbecue - Contact Merv Thompson for details.

15 November - monthly Club meeting - see notice on this page.

21 November - Fremantle Recumbent Riders - meet at Freo Cafe Ginos - we're invited to their regular get togethers.

21 November - Festival of Fremantle Parade through Fremantle - contact Cary Curtis - [curtis@arch.curtin.edu](mailto:curtis@arch.curtin.edu).

NO CLUB MEETING IN DECEMBER.

10 January - Club Meeting

19 March 2000 - Combined Car Clubs Show - Whiteman Park - Contact Fred Belford 9364 2998

End March 2000 - VSCC sprint - Northam. Contact Ian Fry 9383 3062.

## Canning Show Display

Many thanks to the members who displayed their machines at the recent Canning show.

I'm not quite sure who owned what but those who brought both their own machines and those of others along included Phil Harris, Bill Burrows and Merv Thompson. I was there by default and when I saw the Boans delivery bike I had to bring out the Boans Waverley wheelchair - well, it's got bicycle wheels!!

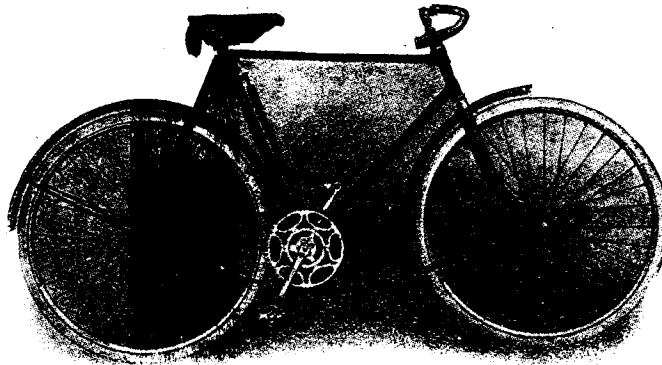

Machines covered a number of aspects of cycling. There was a Penny and a tandem (I know they were Merv's), another delivery bike with cane basket (Phil), a Reckord bike (brought in by Bill), a policeman's bike, several children's cycles, a Raleigh, a ..... (I knew I should have written them all down!)

Bill brought in an original, framed Swansea poster and Merv a repro poster. These together with the Club sign and small pamphlets promoted the Club most successfully. Thanks - it was a great display.

Geoff Moor.

## Bicycle Department.
