

## Kitchen & Bathroom Paint

### PRODUCT DATA

---

#### Description

Kitchen & Bathroom Paint is a superior water-based decorative emulsion that provides an extra durable washable finish for areas that are periodically subjected to humidity and condensation. Humidity and condensation can lead to the growth of mould and algae. Kitchen & Bathroom Paint is an easy to apply product that ensures long-term protection from mould and algae.

#### Sealing/Primer

On new plaster a sealant coat is recommended, this can be achieved by thinning the paint by 10% with water.

#### Area of use

Internal wall and ceiling areas

#### Substrates

Masonry and plaster

#### Packing

2.5 litres

#### Physical Constants

Colours:	White and Magnolia
Finish:	Matt
Volume solids:	48%
Theoretical spreading rate:	12 sq. metres per litre
Flash point:	N/A
Specific gravity:	1.25 - 1.4
Dry to touch:	2 hours (20°C)
Overcoating time:	4 hours

*\*The theoretical spreading rate has been calculated for the stated volume solids and dry film thickness. A practical spreading rate will depend on the actual dry film thickness, the nature of the substrate, and the relevant consumption factor. The physical constants are subject to normal manufacturing tolerances.*

#### Application Details

Application method:	Brush or roller
Thinner:	Water
Cleaning of tools:	Water

#### Surface condition

The surface should be stable, firm, dry and free of dust sand, loose old paint, dirt, grease and oil. It is recommended to apply a primer prior to the specified filling procedure. Touch-up with primer on areas repaired with filler is recommended prior to application of topcoats.

*Please refer to the Material Safety Data Sheet for further information.  
For additional guidance please contact your local Technical Sales Representative.*

*Please check colour before use. If using multiple cans please check batch numbers are the same.*

---

**SAFETY:** Handle with care. Before and during use, observe all safety labels on packaging and paint containers, consult Material Safety Data Sheets and follow all local or national safety regulations.
