

# styleboard 01

Plan view of Dunard Library showing existing house furniture laid out in one possible configuration.

The tree Pose-Pods can be custom made poseur tables... designed with modular design and portability to enable ease of installation and movement. LED lighting will be hard wired into each pod and they will be heavy enough to lean on without causing movement. Each tree can be around 2.5m high

1 METRE SQUARE

Replica silver birch trees with natural wood stems - pea lit at night with battery powered, warm white LEDs
