

# Dhaka WASA Case Study

Drinkwell is helping the Dhaka Water & Sewerage Authority (WASA) become the first megacity across Asia & Africa to provide 100% legal access to safe water for all citizens by 2020 by retrofitting 300 pumps with Drinkwell's technology. The initiative is part of Dhaka's "Smart City" efforts via the Bangladesh Government's "Digital Bangladesh" initiative.

BEFORE DRINKWELL		AFTER DRINKWELL
50 - 60%	<b>NON-REVENUE WATER (WASTE)</b>	1 - 2%
