CSA

Buy a share of our farm's harvest,
support a local family, and
put healthy food on your table.

WE grow veggies using organic production methods while taking good care of the land we call home.

Beginning at the end of June and continuing through October, you will receive 20 weeks of seasonal produce.

Farming is a science, but not an exact one. We practice both time-tested and innovative sustainable methods to manage our crops. It is our goal to put together a share appropriate for two or three people.

A heartfelt thank you.

We believe in the way we grow the food for our table and we're lucky to be able to share our bounty with you and your family. Thank you!

PIETER, JULIA, AND GENE.

SO, WHAT'S IN THE WEEKLY BOX?

In the spring, your box could contain salad greens, broccoli, radishes, carrots, bok choy, and snap peas. Come summertime, look for green beans, cucumbers, squash, and basil. A bountiful fall brings the addition of tomatoes, sweet corn, peppers, and squash—ending the season with staples such as potatoes, onions, and garlic for your pantry.

For more in-depth CSA information, directions to our farm, and to see what the Carusos (and your veggies) are up to, visit our website at www.carusofarm.com.
