Internship Coordinator
E-mail: hr@effekt.dk

EFFEKT is seeking ambitious and dedicated students that are passionate for creating meaningful design solutions - no matter the scale.

During the internship you will be part of a dynamic and international environment, working closely with experienced teams on both Danish and international projects. You will help your teams address the many challenges that the world holds and gain unique insight in our design process through participation in competitions, sketch proposals and/or design development phases.

At EFFEKT, we try to support the professional and personal development of our interns. To do so, we encourage you to ask questions and give feedback, so we can tailor the internship to your learning goals. In addition, you will have access to highly specialized software and resources for conceptual modeling, graphic tools, 3d printing and visualizations – as well as the support system to learn them. To further support your learning, we host many social activities and education events to share ideas and key learnings from projects in the form of workshops, lectures and team presentations.

Qualifications and competencies sought:

- Active student in Architecture, Urbanism or Landscape (minimum of 5 semesters of education completed)
- Fluent in English and/or Danish, oral as well as written (fluency in additional language(s) is also a plus)
- High proficiency in Rhino, V-Ray and Enscape (knowledge in Revit, Grasshopper and AutoCAD are advantageous)
- Strong visual/graphic communication and proficiency in Adobe CS (specifically PS, AI, ID)
- Adept in creative problem-solving, conceptual design, physical model making and 3d-modeling
- Keen attention to detail and is able to stay focused in a busy and ad-hoc work environment
- Work efficiently and have a proactive approach to assignments
- Work independently and are an excellent organizer of your tasks
- Proactive, resourceful and highly self-motivated

Application

The internship position is full-time and lasts from August 2024 until January 2025. Dates can be adjusted slightly upon agreement to meet your school's requirements. The application deadline is May 31st, however applications and interviews will be conducted on a continual basis.

Please send a letter of motivation and CV through this internship portal. All applications are treated confidentially and according to The EU General Data Protection Regulation (GDPR).

If you have any questions, please direct them to hr@effekt.dk with the subject line "Architecture Internship - Fall 2024".

Applications will only be reviewed through the internship portal, not via the HR email.
