Community Drivers

Community volunteers use their own vehicles to provide you safe, reliable transportation. We travel to Hope, throughout the Lower Mainland, to Vancouver, and to surrounding areas. Our priority is medical appointments. For all other transportation needs please call to discuss availability.

About the Service:

- We escort you from your home to your appointment and return.
- We can accompany you in to your appointment and stay with you. Let us know what you require.
- We have drivers available 7 days a week and for most appointment times.
- We request a minimum 24 hours notice.
- We return calls received after hours and on statutory holidays on the next business day.
- We have fees for our services. Please feel free to call to discuss estimated costs.

About the Drivers:

- Drivers are men and women who enjoy driving and interacting with people
- Drivers are willing to share their time and vehicle to help others with transportation needs
- Drivers are kind, caring and dependable
- Drivers are volunteers registered with Chilliwack Community Services who have undergone a criminal record check and provide a driver's abstract.

To schedule a Community Driver or to volunteer call 604.393.3251 ext. 237
