

STUDIO RENTAL FAQ'S

THE THIRD FLOOR STUDIOS CAN BE ACCESSED FROM 9 TRINITY STREET OR 15 CASE GOODS LANE

[Find us in the Distillery District on Google Maps here](#)

1. What is the capacity of Theatre # 313?

The Fire Code dictates that a maximum of 180 people standing is acceptable, and this includes the 93 chairs.

2. What is the capacity of Studio # 314?

The Fire Code dictates that a maximum of 65 people standing/sitting is acceptable.

3. How do I access Studio keys?

Keys are in the lockbox on the Green Room door. Once your booking is confirmed, the lockbox code will be issued to you - we change it on a monthly basis. Remember to return the keys to the lockbox after your rental period.

4. How does building lock up work on weekends and evenings?

The entrance from 9 Trinity Street remains open during business hours, and you can access the space through there if the 15 Case Goods Lane entrance is locked. If the buildings are locked, please contact Distillery District security at 416-522-3258.

5. Are there spare tables and chairs in the Studios?

Dancemakers has a variety of folding tables that are shared between both studios. There are 33 chairs outside the studios on a hanging rack. If you need more, please let us know when you book.

6. What are the dance floors rules?

The dance floor must not be punctured under any circumstances. Please remove your shoes when you enter the studio. In the winter time, it is especially important to leave shoes and boots outside the studio, as street and sidewalk salt is very corrosive. If you must wear your shoes, please make sure that they are `indoor`` shoes. Please make time to clean the floor at the end of your rental period.

7. How do I clean the dance floors?

The dance floors MUST be cleaned after the end of every rental. Wet and dry mops are in the first room of the Green Room and live behind the door. Go over the floor with the large dry mop first to collect dust and dirt. For the wet mop, grab a towel from the bins under the sink in the green room vestibule, wet it in the sink, and then lay it down on the dance floor. Place the squeegee mop on top of the towel and push the mop along the floor. As you move forward, move the squeegee down the towel and then fold the towel over the squeegee. When the towel is no longer wet, you can flip it over or wet a new one and repeat the process. DO NOT USE DETERGENT ON THE DANCE FLOORS.

8. Can we put tape on the dance floors?

Yes, but please only use spike tape. If you are just in for part of or all of the day, please remove all tape at the end of your rental session. If you have rented the studio exclusively, you may put down tape and leave it there, but you must remove it and wash the floors at the end of your rental period. Please do not scrape the tape of the floor with a knife, etc.

9. Is there a sound system I can access in either studio?

There is an in-house stereo system in both spaces. In Studio 314, you can use tape cassettes, CDs or an iPod or laptop input. In Main Stage 313, you can use the CD player, iPod and laptop input.

10. Do you have music stands?

We do not have music stands - you will need to provide your own. Please make sure that they do not scratch the floors.

11. Do you have a piano and is it tuned?

We have an upright piano in each studio and they are regularly tuned. If you need a tuned piano, please let us know at time of booking. Do not bring in your own tuner, and do not attempt to tune the piano yourself.

12. Do I have access to the Green Room?

Renters are granted access to the Green Room, which is considered a shared space for use by renters and the Dancemakers staff. Please respect the space, clean all dishes immediately, and remove any food from the fridge at the end of your rental period.

13. What amenities are in the Green Room?

The Green Room has a kitchenette with a sink, fridge, electric kettle, microwave, electric kettle, dishes, cups and cutlery for common use - please do not take them out of the Green Room and please do not label any cups or dishes for exclusive use by your company. There is a common table, and chairs for lounging. We do not have a coffee maker. Renters need to supply their own sugar, sweetener, milk, cream, stir sticks and water jugs.

14. What kind of activities can I hold in the Green Room?

Clients are more than welcome to use the Green Room as a quiet space to eat, review notes or rest. Please do not use it to hold vocal rehearsals, meetings, or go over notes after a rehearsal or performance. Do not exclude other renters from sharing the space.

15. Is it alright to drop off my rehearsal items (props, set elements, etc.) before my official rental period begins?

Because many artists use the studios and there are a great number coming in and going out, we ask that you do not arrive early with items for drop-off. We can book the studios a little earlier for you to load in and set up. Load out must be done within your rental time period.

As of 01/04/2016. Information is subject to change.
