

V-Bottom Compost Spreader

Durability • Versatility • Performance • Design • Service

Nobody builds a Compost Spreader like MMI

Features

- All Hydraulic** – All hydraulic /electric variable speed design creates unlimited material broadcasting control.
- Variable Mounting** – Can be Truck, Gator, or Trailer mounted. Hydrostat, PTO mounted pump, or Tractor hydraulic control.
- 1" Poly Floor** - Durable corrosion and freeze resistant material witch reduces commodity drag and HP requirements.
- Heavy Floor Chain** – Heavy duty D88 floor chain designed to move material evenly.
- Large Adjustable Spinners** – 30" spinner assembly extends for optimal material control.
- Extra Heavy Construction** – Additional substructure supports and more side stakes offer a substantially durable body design.

Compliment your entire operation
