THE BASICS ❁

The basics are simple skin care treatments that get the job done without too much fuss. You can expect to leave with your skin feeling fresh and glowing.

THE CORE This is the foundation for all facials offered at PASC. Cleansing, exfoliating, light extractions, enzyme and mask chosen specifically for your skin type. This is a great facial to add onto, check out our "add-on" list of topical goodies to add to this already amazing facial.

50 min. \$85 70 min. \$99

THE QUICKIE This facial is quick, effective and gets the job done. Cleanse, scrub, acid peel, exfoliating, enzyme, hydrating serum, moisturizer, LED Light and SPF! DONE! {No extractions, no redness}

35 min. \$69

THE SCARLET No not because your face will be bright red, because of Scarlet O'Hara the girl who wanted it all. Sometimes we want it all too and that's why we just couldn't resist putting this luxurious facial on our menu. For The Scarlet we take our core facial and tack on neck, shoulder, face, scalp, & hand massage. Plus a hand and foot treatment with our warm and super hydrating Eco-Fin, which is similar to paraffin treatment but all good ingredients.

90 min. \$140

CLEAR SKIN BEGINS HERE ❁

Clear skin is coveted by all of us. Unfortunately acne and impurities can pop up on the face at any age. So we've formulated a few different treatments to get you on your way to clear skin once again.

DETOXIFY-FACE OR BACK FACIAL

If your skin just needs some extra detailed attention this is the treatment recommended. PASC uses a proprietary herbal infusion with steam that is anti fungal & antibacterial to draw out impurities deep within the epidermis. Extractions, reducing inflammation, and cleansing and clearing the skin is the focus in this treatment.

60 min. \$95

DADASHIE ACNE TREATMENT This system is designed to keep one step ahead of acne causing bacteria. Dadashie has designed a special tool that helps to keep dead skin build up at a minimum so your acne fighting system of home care can do its job.

CLINICAL ACNE FACIAL If you just can't get your skin clear and you've tried everything else this might turn the corner for your skin in an amazing way. Using our trained staff with their knowledge and experience we have formulated several techniques joined with mythologies of herbs & acids to help break through the oils and bacteria that inhibit break outs, allowing your acne fighting products to work.

PEELS, PEELS, PEELS ❁

A Chemical Peel is a skin resurfacing technique in which a chemical solution is applied to the face to remove the outer surface layers of skin. Chemical Peels come in a range of strengths, from a deeper Phenol Peel to more superficial peels, such as a Glycolic Acid peel. Chemical Peels allow new, healthier skin to emerge.

PREP FOR YOUR PEEL This is a requirement for a new client that is interested in having a DEEP peel. We get to know your skin by introducing specialty products and acids to see how your skin reacts. Your satisfaction is our goal so this is a step in the right direction for a successful peel.

35 min. \$50.00

PROGRESSIVE PEELS A great peel; effective and yet approachable to anyone who is curious about doing a peel but doesn't want the down time of a deeper peel. Even the most sensitive skin can handle these peels. Once your first peel is complete, you can step it up a notch to a mid-depth peel. Note: You will need a couple of days to recoup for all mid-depth peels.

25 min. \$98 3 series \$285 6 series \$490

MID-DEPTH PEELS This type of peel is going to stimulate cell turn over more quickly than the progressive peels and address hyper pigmentation, acne scarring, and aged dull skin. Check our website for detailed information on our peels and pre-treatment requirements.

35 min. \$140 3 series \$400 6 series \$650

DEEP PEELS Just like the name says these peels go deep. Like the Mid-Depth peel, there may be some pre-treatment so consultation and an in depth skin history is taken to determine which peel we will customize for your skin.

35 min. \$185 3 series \$520 6 series \$900

VI PEEL This is an amazing peel. Targeting acne, acne scarring, melasma, sun damage, and hyper pigmentation. The VI peel has taken a proprietary blend of acids, Retin A, and Vitamin C to come up with a very effective peel. This is a Medical Grade Peel. {Post Peel recommended}

25 min. \$250-\$325 3 series \$700-\$935

POST PEEL APPOINTMENT The importance of a post peel treatment is to assess the new skin and to put necessary nutrients back into the skin. Post peels include a light cleanse, steam and extractions if needed. Microdermabrasion, gentle enzyme, and a hydrating mask. Because of the special rate, the post treatment must be made within 10 day's of your initial peel appointment.

35 min. \$50

ONCOLOGY ESTHETICS & SPECIAL SERVICES ❁

From oncology esthetics to microdermabrasion PASC has you covered. It is recommended for all clients for oncology skin care to have a complimentary consultation before making treatment appointments. Start your spa experience with a personalized skin analysis, product choices, and recommendation for further treatment. An intake form of all current treatments and medications will be completed for safe and effective skin care.

THE "O" SO SWEET FACIAL Enjoy a customized and relaxing facial modified to suit your skin type. Skin will be safely balanced from chemotherapy and radiation side effects to leave you looking refreshed. Lymphatic drainage included.

50 min. \$60

HAND, FOOT, SCALP TREATMENT

Feel rejuvenated with the complete package: relaxation, exfoliation, and hydration through the massage of hands, feet and scalp.

50 min. \$60

CAREGIVER'S TREAT Say thanks to your caregiver by treating him/her to a recharging "Core" Facial. Available ONLY with oncology client recommendation.

50 min. \$65

LYMPHATIC DRAINAGE The Lymph system is the secondary circulatory system in the body. Lymph nourishes cells so they are able to discard waste. The benefits of undergoing Lymphatic drainage on the face are clearer complexion, lessening appearance of fine lines and wrinkles, decreases puffiness around eyes, reduces sinus congestion and reduces any new or old scar tissue.

45min. \$75

PHOTO MICROTHERAPY This treatment is a non-ablative, non-invasive procedure that softens fine lines, evens out skin tone; decreases pore size and improves overall skin texture. This treatment can reach down to the collagen layer to emit gentle pulses of light and heat to create a mild wound/heal effect in the collagen layer, causing collagen to react and renew.

50 min. \$110 6 series \$610 8 series \$770

MICRODERMABRASION An effective treatment used to remove the outermost layer of dead skin cells from the epidermis. Included is a cleanse scrub, and mask suited just for your skin type. After treatment, your skin will be brighter, lighter, smoother and overall feel healthier. Please note we only use the crystal-free Microdermabrasion, which is a safer method.

45 min. \$110 6 series \$600

BETTY DAVIS EYES This treatment is for the person who wants bright eyes that look alive and fresh. Enjoy a gentle tissue massage around the eyes, microdermabrasion with our extra fine small tip to lift dead skin and smooth out fine lines, followed by a hydrating collagen mask to tone and tighten. Add to any facial for \$30.

25 Min. \$25
