

Pillow Parts Cutting

2 strips x 2" x 16 1/2"

2 strips x 2" x 19 1/2"

2 rectangles x 14" x 19 1/2"

1 Square 17"

Construction

- 1 Make 12" Compass Block.
Applique center.

- 2 Center and finish into 17" square.
You can either applique your compass block onto the square or sew it into the square. Instructions are found on Pages 14-15 of your Original Marnier's Compass Book. Once block is sewn into square, trim square down to 16 1/2".

- 3 Add borders. Add the shorter borders first on the top and bottom, and then the longer borders on the sides.

- 4 Finish long edges of pillow back units. Press edge under 1/4" and then press under again. Top-stitch approximately 1/4" from finished edge making sure to catch all fabric on back side.

- 5 Sew pillow back units to Sunflower Block. Lay right pillow back, right side down, onto block and then lay left pillow back, right side down, onto block. Sew 1/4" seam around entire pillow perimeter.

- 6 Trim corners and turn pillow cover right side out. Stitch in the ditch between pillow border and block background. Reinforce by backstitching where pillow backs overlap.

- 7 Insert 16" Pillow Form and enjoy!
