ABOUT DESIGNER VACA

In 2012, industry-leading graphic and web designers Alyssa Yuhas and Promise Tangeman founded Designer Vaca to fulfill their desire to step away from their computers, learn, share experiences, & recharge alongside influential women. With more than 20 combined years of industry experience and a client list filled with some of the web's biggest brands and influencers, Promise and Alyssa curate Designer Vaca as a must-not-miss event year after year.

YOU CAN EXPECT YOUR DESIGNER TO...

- 01 Get out of your hair for a couple days & take a lot of helpful notes on what they've learned
- 02 Discover cutting edge systems & new resources to cut costs, boost efficiency, & maximize profits for your company
- 03 Network with other experienced designers that might be a good fit for your team
- 04 Collaborate with an intimate group of only 150 other influential designers from around the world
- 05 Become re-energized & inspired in the desert, under the sun, & poolside
- 06 Send traffic to your website with a link on the "Who's coming" page of the Designer Vaca website
- 07 Learn from prolific speakers, gurus, and designers in the industry
- 08 Bring a list of frustrating issues that your team faces to have discussed in our open Q&As & collaborative sessions
