DISCLOSURE OF FINANCIAL INTERESTS

Public law/rule of the State of New Jersey/Board of Medical Examiners mandates that a physician, chiropractor or podiatrist inform patients of any significant financial interest held in a health care service.

Accordingly, I wish to inform you that Sidney J. Goldfarb, M.D. has a financial interest in the following health care services to which patients are referred:

- New Jersey Kidney Stone Center, LLC – a provider of lithotripsy, laser and other urology-related services
- PSP (Princeton Surgiplex) – an outpatient ambulatory surgery center
- SSAP (Surgical Specialists at Princeton) – an outpatient ambulatory surgery center

You may, of course, seek treatment at a health care service provider of your own choice. A listing of alternative health care service providers can be found in the classified section of your telephone directory under the appropriate heading. Please note that you must consult your insurance carrier or other third party payer to determine whether any services or facility fees associated with your visit will be considered to be, and reimbursed at, an “out of network” level.
