

Dear Valued Customer:

WE HAVE DONE IT AGAIN!

For the second year in a row, we have earned the **Gold Medal in Ricotta** and the **Gold Medal in Fresh Mozzarella** in the most prestigious cheese contest in North America, the 30th annual 2013 **American Cheese Society**. This year's competition and judging took place over 4 days in America's Dairyland, Wisconsin.

Along with two Gold Medals, Liuzzi Angeloni has also been awarded the **Silver Medal for our Smoke Mozzarella** and the **Bronze Medal for our Burrata**.

In just our first three years of entering our cheeses in this aforementioned distinguished event, we have been the recipients of **7 award-winning medals**.

What our loyal customers have known all along about our artesian and unique variety of Italian cheeses; has been decisively judged and validated by our peers and colleagues in this industry, that **Liuzzi Angeloni** is one of the **leading Ricottas, Fresh Mozzarellas, and artesian style of Italian Specialty cheeses being produced in North America today**.

After we won in 2011 and 2012, we assured our customers, our relentless quest for excellence would not be swayed by the accolades we may receive, and rather it would be **YOU** that would impel us to achieve a consistent level of high-reaching quality and first class service.

We have no illusions that we can expect to take first place every year, but the very fact that **you** and all of our loyal customers have maintained a steadfast belief that our cheeses are simply the best, is reward enough and ultimately our quintessential **Gold Medal**.

Everyone here at Liuzzi Angeloni sincerely thank you for your continued and trusted loyalty.

Bontà di Latte!
